- 8/30 - Robinhood Wallet Adds Support for Bitcoin and Dogecoin, and Enables Ethereum Swaps
- 9/15 - New symbols added to 24 Hour Market
- 9/20 - See how our crypto prices compare to top competitors via the crypto pricing dashboard
- 10/27 - Get a 1% bonus when you transfer your brokerage account into Robinhood

Disclosures

Monthly Metric Reports:

Monthly Metrics Reports (“Reports”) provide certain limited purpose monthly statistical and operational results of Robinhood Markets, Inc. and its consolidated subsidiaries (“we,” “Robinhood,” or the “Company”). This Report is presented without commentary and should be read together with our most recent quarterly and annual results and U.S. Securities and Exchange Commission (“SEC”) filings on Forms 10-K, 10-Q, and 8-K, which are available on the Financials tab of our Investor Relations website at investors.robinhood.com.

We intend to make these Reports available on a regular basis on the “Overview” tab of our Investor Relations website. We expect Reports regarding each of the first two months of each fiscal quarter to be available around the middle of the following month. We expect the Report for the third month of each fiscal quarter to be available shortly after our quarterly earnings are announced regarding such completed quarter. If you would like to sign up to receive an email alert whenever a new Report is available, please visit the Resources tab of our Investor Relations website.

We use the "Overview" tab of our Investor Relations website (accessible at investors.robinhood.com/overview) and our Newsroom (accessible at newsroom.aboutrobinhood.com), as means of disclosing information to the public in a broad, non-exclusionary manner for purposes of the SEC Regulation Fair Disclosure (Reg. FD). Investors should routinely monitor those web pages, in addition to our press releases, SEC filings, and public conference calls and webcasts, as information posted on them could be deemed to be material information.

Additional Information:

The information in this Report is unaudited and the information for the months in the most recent fiscal quarter is preliminary, based on our estimates and subject to completion of our financial closing procedures. Final results for the quarter, as reported in our quarterly and annual filings with the SEC, might vary from the information in this Report.

Monthly percentage change represents the most recent calendar month as compared to the immediately preceding calendar month. Yearly percentage change represents the most recent calendar month as compared to the same month of the prior year.

Definitions

Net Cumulative Funded Accounts ("NCFA"): We define "Net Cumulative Funded Accounts" as New Funded Accounts less Churned Accounts plus Resurrected Accounts (each as defined below).

We define a "New Funded Account" as a Robinhood Account into which the user makes an initial deposit, money transfer or asset transfer, of any amount, during the relevant period. We define a "Robinhood Account" as a unique log-in that provide the account user access to any and all of the products offered on the Robinhood platform, with the exception of Robinhood Credit.

A Robinhood Account is considered "Churned" if it was ever a New Funded Account whose account balance (measured as the fair value of assets in the account less any amount due from the user and excluding certain Company-initiated Credits) drops to or below zero for at least 45 consecutive calendar days. Negative balances typically result from Fraudulent Deposit Transactions (as defined below) and unauthorized debit card use, and less often, from margin loans. "Company-initiated Credits" are amounts that are deposited into a Robinhood Account by the Company with no action taken by the user. Examples of Company-initiated Credits excluded for purposes of identifying Churned Accounts and Resurrected Accounts are price correction credits, related interest adjustments, and fee adjustments. "Fraudulent Deposit Transactions" occur when users initiate deposits into their accounts, make trades on our platform using a short-term extension of credit from us, and then repatriate or reverse the deposits, resulting in a loss to us of the credited amount.

A Robinhood Account is considered "Resurrected" in a stated period if it was a Churned Account as of the end of the immediately preceding period and its balance (excluding certain Company-initiated Credits) rises above zero.

Accounts held by Robinhood Credit customers who a) had a credit balance or transaction during the relevant period and b) did not already have a Robinhood Account, are also considered New Funded Accounts.

Assets Under Custody ("AUC"): We define AUC as the sum of the fair value of all equities, options, cryptocurrency and cash held by users in their accounts, net of receivables from users, as of a stated date or period end on a trade date basis. Net Deposits and net market gains (losses) drive the change in AUC in any given period.

Net Deposits: We define "Net Deposits" as all cash deposits and asset transfers received from customers, net of reversals, customer cash withdrawals, and other assets transferred out of our platform (assets transferred in or out include debit card transactions, Automated Customer Account Transfer Service ("ACATS") transfers, and custodial crypto wallet transfers) for a stated period.

Growth Rate and Annualized Growth Rate with respect to Net Deposits: When used with respect to Net Deposits, "growth rate" and "annualized growth rate" provide information about Net Deposits relative to total AUC. "Growth rate" is calculated as aggregate Net Deposits over a specified 12 month period, divided by AUC for the fiscal quarter that immediately precedes such 12 month period. "Annualized growth rate" is calculated as Net Deposits for a specified quarter multiplied by 4 and divided by AUC for the immediately preceding quarter.

Notional Trading Volume: We define "Notional Trading Volume" or "Notional Volume" for any specified asset class as the aggregate dollar value (purchase price or sale price as applicable) of trades executed in that asset class over a specified period of time.

Options Contracts Traded: We define "Options Contracts Traded" as the total number of options contracts bought or sold over a specified period of time. Each contract generally entitles the holder to buy or sell (as applicable) 100 shares of the underlying stock.

Daily Average Revenue Trades ("DARTs"): We define DARTs for any asset class as the total number of revenue generating trades for such asset class executed during a given period divided by the number of trading days for such asset class in that period. This Report discloses each month's number of trading days for equities and options. For crypto, the number of trading days is equal to the number of calendar days in the month.

Margin Book: We define "Margin Book" as our period-end aggregate outstanding margin loan balances receivable (i.e., the period-end total amount we are owed by customers on loans made for the purchase of securities, supported by a pledge of assets in their margin-enabled brokerage accounts).

Cash Sweep: We define "Cash Sweep" as the period-end aggregate balances in our brokerage sweep program (i.e., the period-end total amount of participating users' uninvested brokerage cash that has been automatically "swept" or moved from their brokerage accounts into deposits for their benefit at a network of program banks). This is an off-balance-sheet amount. Robinhood earns a net interest spread on Cash Sweep balances based on the interest rate offered by the banks less the interest rate given to users as stated in our program terms.
