In February 2026, we moved over \$6B of Cash Sweep balances to free credit balances².

¹ Starting in June 2025, Net Deposits include results from Bitstamp. Net Deposits do not include results from TradePMR.
² In February 2026, we updated our brokerage High-Yield Cash program to fund growth in margin lending. Under the updated program, the first \$10 thousand in enrolled balances per eligible customer are held as free credit balances where the customer continues to earn the same interest rate. This resulted in over \$6 billion of Cash Sweep balances moving to free credit balances in February 2026.
